# Defense \$300,000

NEW YORK, April 12-Estimates Mistrial Occurs rearry as much attention as did the probable outcome of the long hearing. Apparently authentic estimates indicate that the trial to date has cost considerably over \$300,000. Of this sum it is estimated probably \$235,000 has been spent by the Thaw family, while the expense to the State has been in the neighborhood of \$80,000.

At the district attorney's office it was stated that the trial had not cost the county over \$30,000. This does not include salaries and such expenses as come out of the general session fund. I Conservative estimate; give \$80,000 as probably the minimum cost to the State.

The expense Thaw has incurred in his

To offset his expenses the jurors who have listened to the long-drawn-out trial, paid at the rate of \$2 a day, are entitled to only \$1,500 for their combined services. If their pay is increased to \$5 a day, as has been suggested, the expense will be nearly tripled.
